

Cell & Gene Therapy for HIV Cure

This conference is designed to advance the pursuit of an HIV cure by bringing together an international roster of esteemed scientists to share and review the latest cell and gene therapy approaches targeting HIV.

August 17-18, 2017

Location: Fred Hutchinson Cancer Research Center
Weintraub Building, Pelton Auditorium, Seattle, Washington

Keynote Speaker: Jennifer Doudna, PhD

*Professor of Molecular and Cell Biology and Chemistry,
Li Ka Shing Chancellor's Chair in Biomedical and Health Sciences,
University of California, Berkeley*

Howard Hughes Medical Institute investigator.
